Workshop on Gender Sensitisation

22 January 2018

Report

The college had organized a one day workshop on the subject namely "Gender Awareness" under the Personality development program for students in collaboration with Women Studies Center, SPPU, Pune on 22/01/2018. The said program was conducted by Ms. Sneha Gole and Ms. Deepa Tak (both Asst. Prof. Women Studies Center SPPU, Pune). Ms. Gole has stated that the real crux of the problem is child sex ratio in 0-6 year's age group. Study of this ratio helps us to understand whether there is human interference or not in the process. If we compare the statistical data (Census of 2001 with data of 2011, then the picture is darker i.e. there is more decline in the Child sex ratio (more particularly in Maharashtra, Punjab, Haryana and Rajasthan). She also asserted that, we cannot separate issue of sex determination from technological development in medical field which makes Human

interference very easy. Ms. Deepa Tak stated that, there is difference between Sex determination and abortion. The concentration of the government policies, NGO and media is on the abortion and not on sex determination which lies in patriarchal nature of Indian Society. She further explained the necessity of strengthening the provisions of the existing law to make it more potent and effective. The programme consisted of lectures, film show and open discussion on the issue which is related to the gender deficit in India. At the end feedback was taken. Total 73 students participated in the said workshop. (41 gents and 32 lady students). The workshop was attended by students, faculty and Principal. The open discussion helped the students to receive due sensitization. The programme was coordinated by Prof. Wakade.

The present era of information technology is so dynamic that it expands both vertically and horizontally covering every stratum of our society. The pace of advancements in information technology is so high that coping with its pace is becoming next to impossible to a majority of Indians. Though India is trying to cope up with the pace, it is still lagging behind in all legislative, executive and judicial fronts in respect of these advancements. Therefore, this area invites deliberations and debates and dissemination of information for each and every one of us. In the beginning he traced out the history of virtual technology from messaging services to application development and then to social media.

He also mentioned the fact how Indian companies are quite ignorant about cyber threats and preventive steps taken by them are minimal which is the reason that India is on 5th rank in the list of most vulnerable countries to cyber attack.

In the later part of his deliberation, he explained the various technical ways using which the telecommunication companies can have access to our sensitive personal information and monitor our behavioral pattern in the universe of internet.

He also discussed the decisions of the apex court relating to right to privacy, namely M. P. Sharma's case, Kharak Singh's Case, Rajgopal's Case, PUDR's Case and the recent decision of Justice Puttuswamy's Case.

YASHWANTRAO CHAVAN LAW COLLEGE, PUNE
NATIONAL SEMINAR ON
NEW LABOUR LEGISLATIONS – IMPLEMENTATION AND
CHALLENGES

Saturday, 5th June 2021

About the College:

Our Yashwantrao Chavan Law College was established in June 1978. In the beginning, the college was known as A. B. M. S. Parishad's Law College. However, in the year 1987, in the memory of our country's great visionary leader, Late Shri Yashwantrao Chavan, who rose to the height of Deputy of Prime Minister, the college was named after him, as a mark of respect and honour towards him.

The College has been receiving grant-in-aid from the state government. It has received the re-accreditation from NAAC. Our college is affiliated to Savitribai Phule Pune University on permanent basis and also recognized the Bar Council of India, New Delhi.

The College has kept before itself the goals of advancement and dissemination of knowledge of law and legal process in the context of national development. In accordance with these basic expectations, the college is striving to achieve excellence in the field of legal education and research. While imparting legal education, the college has kept a goal in view that the professional lawyers must be well equipped to perform the various roles which they are expected to in our society.

The College organises various co-curricular and extra-curricular activities to bridge the gap between theory of law and practice and the gap between syllabus and contemporary laws and their requirements. The prominent activities are National Moot Court Competition, National Seminar, State Elocution Competition, Debate Competition, Client Counselling Competition, and Guest lectures of legal luminaries

on contemporary socio-legal issues, Webinars, National Service Scheme, Legal Aid Clinic and Legal Literacy Camps.

Theme of the Seminar:

Today, India has new labour legislations in the form of four Codes viz. The Code on Wages, 2019; the Industrial Relations Code, 2020; the Occupational Safety, Health and Working Conditions Code, 2020; and the Code on Social Security, 2020. The recent movements on the front of the implementation of all the new four Labour Codes is undergoing some issues like Constitutional provisions relating to labour legislations, consensus from the State Governments, practical application of some provisions of the statutes by State Governments and many others. The proposed date of implementation of the new labour legislations was 1st April 2021 but none of the Codes have been implemented till date. This National Seminar aims at deliberations and discussions on the implementation and challenges, faced in present and in future of these Codes.

We are inviting participation of students, teachers, research scholars and aspirants of law in this National Seminar of deliberations on the most awaited legislations of the Indian Legal System. The participants will be issued e-Certificate for their participation in the Seminar.

ABOUT THE COLLEGE

- Our Yashwantrao Chavan Law College was established in June 1978. In the beginning, the college was known as A. B. M. S. Parishad's Law college. However, in the year 1987, in the memory of our country's great visionary leader, Late Mr. Yashwantrao Chavan, who rose to the height of Deputy of Prime Minister, the college was named after him, as a mark of respect and honor towards him.
- The College has been receiving grant-in-aid from the state Government. It has received the re-accreditation from NAAC. Our college is affiliated to Savitribai Phule Pune University on permanent basis and also recognized the Bar Council of India, New Delhi. The College has kept before itself the goals of advancement and dissemination of knowledge of law and legal process in the context of national development.
- In accordance with these basic expectations, the college is striving to achieve excellence in the field of legal education and research. While imparting legal education, the college has kept a goal in view that the professional lawyers must be well equipped to perform the various roles which they are expected to in our society.
- The College organizes various co-curricular and extra-curricular activities to bridge the gap between theory of law and practice and the gap between syllabus and contemporary laws and their requirements. The prominent activities are National Moot Court Competition, National Seminar, State Elocution Competition, Debate Competition, Client Counseling Competition, Guest lectures of legal luminaries on contemporary socio-legal issues, Webinars, National Service Scheme, Legal Aid Clinic and Legal Literacy Camps.

Report

Workshop on Disaster Management

2021- 22

As a part of academic enrichment, the college organizes various academic programs for the students as well as peers. The college has organized a workshop on Disaster Management on 08/04/2022, Friday. The workshop consisted of two sessions dedicated to the importance of disaster Management.

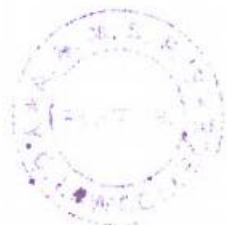

The workshop was inaugurated at the august hands of Prin. Dr. Shubhada Gholap and she made brief Introductory remarks regarding the workshop. Guest was introduced by Prof. Mrs. Shirlekar

In the first session Col. V N Supanekar explained the policy framework and institutional mechanism for Disaster Management. In the beginning he explained various provisions under the Disaster Management Act of 2005. He stressed on importance of vigilance and preparedness which can effectively cope with disasters. He stated that for effective mitigation along with anticipation of risk, plan for its management and some skills are required. The skills can only be acquired through training. He elaborated that there was paradigm shift for regulation of disaster management. All disasters are considered as emergencies and not vice versa. Incidences can be controlled when treated urgently and can prevent disasters. Identification of risks places would prepare for disaster. For disaster management involvement of community is cardinal. The community may put pressure on government. The policy should be prepared not respond.

In the second session Mr Rajkumar, Inspector, 5th battalion, NDRF, Sudumbre conducted familiarisation exercise and community awareness program. He along with 7 members of battalion gave demonstrations for coping with disasters which would prepare the persons for emergencies.

Dr. Patil R A and Prof. Chalwadi were coordinators for the workshop. Total 196 students participated in the workshop.

Problem for The Internal Moot Court Competition
2017-18

Facts:

Union of Hindustan was riddled by the Corruption and other problems like terrorism and generation of black money. To control such problems on 11th of November the Prime Minister of Hindustan **Mr. A** declared at 9.00 'O' Clock in the evening that the currency notes of Rs. 500/- and Rs. 1000/- are demonetized. He asked all the citizens to exchange their old notes with fresh ones but the new denomination of the notes was Rs. 500/- and Rs. 2000/-.

The Central Fund of Hindustan, a top body which controlled the banking system and currency exchange, only allowed the National banks to offer facility for exchanging the currency notes. The national banks were directed to dispense and exchange the fresh currency notes after submission of KYC documents by the citizens. The limit of Rs. 24000/- per week was placed for withdrawal of money per person as the currency notes were not adequately printed in advance to keep the policy secret.

In State of Minar the Cooperative banks were established at every level. The national banks were established at city level predominantly and rarely in rural areas. The cooperative banks used to cater the agrarian communities in rural areas. The Central Fund of the Hindustan prohibited cooperative banks to exchange the currency notes and also prohibited the withdrawal facility to its account holders of amount of 24000/- per week.

The Central Association of Co-operative banks in State of Minar, approached Supreme Court against the said notification and control placed on them for being unconstitutional.

Relevant Law:

- Constitution of India -----Article 14, 32 and 77.
- Reserve Bank of India Act-- Sect. 26

Problem for The Internal Moot Court Competition

Facts

The State of Mahamitra is a progressive welfare state. The State received independence in 1947, from United Crueldom. State adopted its constitution in 1950, making it Sovereign, Democratic and Republic. The State passed law in 1988 namely Motor Vehicles Act for Registration of Vehicles, issue of License and providing penalties for certain offences

Over the years, the law proved to be ineffective and one of the reasons was that the penalties were not deterrent enough. Hence the Government in 2019 amended the said law and increased various penalties for violations of law at least ten times of original fines. It also provided vicarious criminal liability for guardians, if juveniles committed offence under the Act.

Center of Civil rights (CCR), NGO filed a petition in the Supreme Court challenging the amendments which provided enhanced penalties and vicarious criminal liability for the guardian.

Problem for The Internal Moot Court Competition

2020-21

Facts

A public spirited NGO, *Forum for Civil Liberties* (FCL), which worked in espousing causes of downtrodden masses in the State of Indistan. The said NGO predominantly worked for the advancement of the rights of women. The said NGO also represented estranged women in courts, across the nation. It received a complaint from one Mrs. A. Said Mrs. A had returned to her parent's house, due to physical abuse in matrimonial home. Her Husband had approached family court and filed petition for restitution of conjugal rights. The family court was pleased to pass order directing Mrs. A to return to her matrimonial home. She was not ready to go back to her matrimonial house as she feared for her life. Also she had no intention to give divorce to her husband. Her economic condition was not good and hence the family court had ordered maintenance to be given to her, by the husband. After discussing with Mrs. A through their representative, the concerned NGO filed Public interest litigation in the Supreme Court under Art 32 of the constitution. The provision of Restitution of Conjugal rights was challenged by filing petition as it compromised fundamental rights of citizens.

Moot Court Problem

Shyam Shinde v State of Kalki

The Union of Chalukya is located in the South Asian Region of Asia. It is one of the ancient nations in the world. It is a democratic country with a written Constitution and having 28 States and 8 Union Territories.

The legal system of Union Chalukya is similar to India and the mooters have to frame the issues and make submissions by presuming that the Constitution of India and all other laws applicable in India are applicable to Union of Chalukya.

Kalki is one of the few Chalukya States the Legislature whereof has two houses, i.e., the Legislative Assembly and the Legislative Council. The Legislative Assembly is comprised of 288 members, who are chosen by direct election from territorial constituencies in the State. Article 171(1) of the Constitution ordains that the total number of members in the Legislative Council shall not exceed one-third of the total number of members in the Legislative Assembly of that State whereas, the proviso thereto, ordains that the number of members in any case shall not be less than forty. Clause (2) of Article 171 of the Constitution ordains that until Parliament by law otherwise provides, the composition of the Legislative Council of a State shall be as provided in clause (3).

Section 10 of the 1950 Act read with the Third Schedule thereof is the law enacted by the Parliament, which now provides for the allocation of seats in the Legislative Councils. In terms of such provision, the number of members of the Legislative Council of Kalki shall be 78, of whom 22, 7, 7 and 30 members shall be elected in terms of sub-clauses (a), (b), (c) and (d) of clause (3) of Article 171, respectively, totalling 66. The remainder, i.e., 12 members are to be nominated by the Governor in accordance with clause (5) of Article 171 of the Constitution.

The term of all the 12 members nominated earlier ended by efflux of time. By June 16, 2020 all the seats were vacant. Resultantly, the Council of Ministers met on October 29, 2021 and unanimously resolved to render appropriate aid and advice to the Governor. In such meeting, the Council of Ministers decided to recommend names of 12 individuals, who did not incur disqualification under Article 191 of the Constitution, to the Governor for nomination in terms of clause (5) of Article 171 thereof. The Chief Minister of Kalki followed up this decision by forwarding, on November 6, 2021, the names of the said 12 individuals to the Governor of Kalki for such nomination.

Moot Court Problem

The Union of Magadh is located in the South Asian Region of Asia. It is one of the ancient nations in the world. It is a democratic country with a written Constitution and having 28 States and 8 Union Territories. The legal system of Union of Magadh is similar to India and the mooters have to frame the issues and make submissions by presuming that the Constitution of India and all other laws applicable in India are applicable to Union of Magadh and the state of Devrashtra is similar to the state of Maharashtra.

Children are considered the greatest asset of any society or Nation that is why children should be grown as responsible citizens, mentally alert, physically fit, and morally healthy so they can contribute to the betterment of society. The primary goal of the Indian juvenile justice system is to rehabilitate juvenile offenders and offer them a second opportunity. There are several causes for which youngsters engage in illegal activities. The primary reason is that their brains are not completely grown and they lack a mature sense of good and wrong.

On 9th August, 2017 the Commissioner of Women and Child Development (CWC), Devrashtra State, Dist. Sitapur, issued a circular to all Child Welfare Committees providing certain guidelines regarding admission of juveniles in need of care and protection and directions for preventing misuse of the said provision by children having one or two parents capable of taking care of the children. On the basis of the circular that was issued by CWC, Sitapur, CWC of Meghapur also issued the order whereby the admissions of juveniles having one or two parents were cancelled with the direction to deliver custody of such children/juveniles to their parents and producing only orphans for admissions. This was done in light of the fact that the circular was issued by CWC, Sitapur.

One Mhadu and Sunanda did not have a stable source of income and shelter. They have a kid named Manglu who was eleven years old. They made the difficult decision to hand over him to the Children's Home so that he might get further care there. The Children's home of Meghapur rejected the admission of Manglu, and therefore the circumstances compelled Mhadu and Sunanda to keep Manglu with them. A short time afterwards, Manglu passed away as a result of severe malnutrition and starvation.

The circular from the Commissioner of Women and Child Development, Devrashtra State, Sitapur, dated August 9, 2017, has been challenged by the "Human Rights Protector", which is a non-government organization that works to care for and protect children. The NGO claims that the circular is illegal, arbitrary, and without the authority of law. An NGO also claims that the circular is against the Constitution of Magadh and the Juvenile Justice (Care & Protection of Children) Act, 2015 (herein after referred to as "Juvenile Justice Act") and seeks quashing of the same.
